

MUST COME TO TIME

President Harrison Issues a Proclamation

RETALIATING UPON CANADA

For Unjustly Discriminating Against American Transit Through Canadian Canals.

WASHINGTON, Aug. 20.—The president has proclaimed retaliation with Canada in accordance with the authority conferred upon him by the "act to enforce reciprocal relations with Canada" passed last July. His proclamation is dated August 18 but, as only issued today after a final interview between Secretary Foster and Mr. Michael H. Herbert, the charge of the affairs of the British legation here which took place this morning.

The Canadian government had asked for delay pleading the absence of the ministers from Ottawa and other reasons. A decision was promised by Lord Stanley, governor general of Canada by Monday August 8. On the sixth inst. Mr. Herbert telegraphed from Newport to secretary Foster in Washington: "I have received assurance of further consideration. May I consequently venture to hope no steps may be taken in the meantime."

Secretary Foster, replied: "Gratified at your telegram. You may count upon reasonable time such as indicated in our interview."

The 15th of August the United States consular general at Ottawa informed Secretary Foster that the decision of the Canadian ministry was to continue the prohibition on transit of goods until the end of the season of navigation. Thereupon the proclamation of retaliation was drawn up and sent to Louis Lake for the president's action.

An interview with Mr. Herbert.

On the day it was signed, August 18, Secretary Foster telegraphed Mr. Herbert: "Will you expect your here, or note of canal tolls?" Mr. Herbert replied: "Have telegraphed to inquire what day I may expect communication."

Next day Secretary Foster sent the following significant dispatch to the department of state, Washington, Aug. 18, 1892, the Hon. Michael H. Herbert, British Charge, Newport, R. I.:

The United States consular general at Ottawa reports decision of council was to abolish rebate at end of this season. This was confirmed by Canadian press reports. If Canadian discriminations are to continue during this season, compliance with the recent act of congress requires the president to establish tolls to run concurrently. Discussion as to future action can then proceed under parity of conditions. (John W. Foster.)

Mr. Herbert hastened to Washington, telegraphing in advance to Mr. Foster, "Could I see you tomorrow morning at the depot? Kindly reply on receipt of this telegram, and I will meet to catch train." Mr. Foster answered: "You can see me any hour in the morning between 8 and 11." Mr. Herbert came and saw Mr. Foster this morning.

Memorandum of Interview.

The memorandum of their final interview is as follows: Mr. Herbert, in charge of the British legation, called on the secretary of state on Saturday, August 20, and informed the secretary that he had not yet received the official notice of the act of the Canadian cabinet on the canal tolls, but he hoped to be able to communicate it early next week. The secretary of state said that the United States consular general at Ottawa had reported that the decision of the cabinet was to abolish rebate on tolls at the end of the present season, and that he had been confirmed by the press of Canada. He then asked Mr. Herbert if this confirmed to the subject. Mr. Herbert answered that he was not yet authorized to make any official statement on the subject, but that he had no doubt the consular general's report was correct. The secretary of state then said that such a solution of the question would not be regarded as satisfactory to his government, and in answer to an inquiry he stated that the president considered it his duty to issue the proclamation contemplated by the act of congress. But he gave Mr. Herbert the assurance that should the Canadian government give notice of its decision to abolish the rebate, the discrimination now complained of in the proclamation would be suspended concurrently with such abolition.

The Proclamation.

The president's proclamation after reading the text of the act of congress under which it is issued concludes as follows:

Whereas, The government of the Dominion of Canada imposes a toll amounting to about 20 cents on all vessels of the United States and on all passengers in transit to a port of the United States, all of which tolls are without rebate; and Whereas, The government of the Dominion of Canada, in accordance with an order in council of April 4, 1892, refunds 18 cents per ton, of the 20 cents toll at the Welland Canal on wheat, Indian corn, peas, barley, 150 cents, flaxseed and flaxseed cake, and goods originally shipped for and carried to Montreal or some port east of Montreal for export, and that if transshipped at an intermediate point, such transshipment is made within the Dominion of Canada, but allows no such other rebate on said products, when shipped to a port of the United States or when carried to Montreal for export or transshipment within the United States; and Whereas, The government of the Dominion of Canada, by said system of rebate and otherwise discriminates against the citizens of the United States in the use of said Welland Canal in violation of the provisions of article 23 of the treaty of Washington, concluded May 8, 1857;

I, Benjamin Harrison, President of the United States, do hereby proclaim that the United States will retaliate upon the Dominion of Canada in accordance with the authority conferred upon me by the "act to enforce reciprocal relations with Canada" passed last July.

Witness my hand and the seal of the United States at Washington, this 18th day of August, 1892.

Now, therefore, I, Benjamin Harrison, President of the United States, do hereby proclaim that the United States will retaliate upon the Dominion of Canada in accordance with the authority conferred upon me by the "act to enforce reciprocal relations with Canada" passed last July.

Witness my hand and the seal of the United States at Washington, this 18th day of August, 1892.

Now, therefore, I, Benjamin Harrison, President of the United States, do hereby proclaim that the United States will retaliate upon the Dominion of Canada in accordance with the authority conferred upon me by the "act to enforce reciprocal relations with Canada" passed last July.

Witness my hand and the seal of the United States at Washington, this 18th day of August, 1892.

Now, therefore, I, Benjamin Harrison, President of the United States, do hereby proclaim that the United States will retaliate upon the Dominion of Canada in accordance with the authority conferred upon me by the "act to enforce reciprocal relations with Canada" passed last July.

HONOR TO THE DEAD

The Citizens of Knoxville Suspend Business

TO PAY TRIBUTE TO THE FALLEN

Who Sacrificed Their Lives in an Effort to Suppress Outrage and Violence.

KNIGHTS OF PYTHIAS.

They Meet in Kansas City by the Thousands.

KANSAS CITY, Aug. 20.—Camp George B. Shaw is now showing many signs of life and the two first brigades are in quarters. The Missouri brigade has the honor of first occupying the tents and closely following it is the Kansas brigade. The quartermasters of the regiments and brigades have been hard at work all day today, and they have placed everything in readiness for the reception of their comrades when they arrive tomorrow, and next Tuesday is expected to see every man in camp who is to be here and at that time it is understood that 16,000 men will be under the tents. Major-General Canham this forenoon said that the reports which were coming in from different brigades showed that the attendance would be beyond all expectations, and he thought the number in camp would be nearer 20,000 than 16,000. The mess tents are already set for the cooks and there is nothing left to be done to make the visitors comfortable.

MINNIE SELIGMAN MARRIED.

The Well-Known Actress Weds Robert Livingston Cutting, Jr.

NEW YORK, Aug. 20.—Miss Minnie Seligman, the well-known actress, was married in this city to Robert Livingston Cutting, Jr. Miss Seligman was divorced from her first husband, Dr. Hoffmann, in this city about two years ago. She made her first appearance under A. M. Palmer's management in Elaine about four years ago. Since that time she has kept her name constantly before the public both by her acting and her actions. About two months ago Miss Seligman's mother dropped dead on Elaine, and she was in the city for a week, disclaiming all outward show of mourning in either her manner or dress, offered to swim any woman at Long Branch for any distance. Last season Miss Seligman did remarkably clever work with the Phon stock company, and she is now in the city in "My Official Wife."

Robert Livingston Cutting, Jr. is a well known amateur actor. Last week Mr. Cutting and Miss Seligman appeared together in a benefit performance at Long Branch.

TORE DOWN THE TRICOLOR.

Officer Spies of Jeannette, Pa., Discharged From the Police Force.

GREENSBURG, Aug. 20.—Officer Thomas Spies of Jeannette, who on Wednesday day climbed to the top of the residence of a French citizen of that place and tore down the French tricolor, has been removed from his place on the police force. Secretary of State Foster intimated recently in private correspondence with Governor Pattison and District Attorney McCurdy that the discharge of the officer, who, he thought, had exceeded his authority, would be about the proper thing to do. The official feeling is that an error was made in so hastily tearing down the flag and that the removal was the easiest way out of the difficulty. The Frenchmen, however, were given some wholesome advice and instructed to always give the American colors the preference when they deem it proper to raise their own colors to the breeze.

IRON HALL INVESTIGATION.

Testimony Showing That Money Was Used in the Maryland Legislature.

INDIANAPOLIS, Aug. 20.—The developments in the Iron Hall case today were not as sensational as expected. The most interesting testimony was that of Anos K. Hoerner of Baltimore, supreme vice justice, and regarded as Soperby's man Friday. He stated that the only money he got out of his office was \$800. This sum he said was partly expended in the Maryland legislature and he reluctantly admitted that \$155 was given to an attorney named Joyce for services. The money was paid to Joyce by Joseph Harris, supreme vice justice of the order, who was a member of the legislature, and that the services were in defeating the passage of a bill to put endowment orders under the control of the bank commissioner. The case is dragging slowly and may not be finished for a week.

BATTLE OF THE COOKS.

Lively Fracas Caused by an Unpopular Chef at Shelter Island.

GREENPORT, L. I., Aug. 20.—A serious riot took place last night among the cooks at the Massachusetts house on Shelter Island, brought about by the refusal of some French cooks to obey the orders of the chef. During the riot the cooks seized knives and slashed right and left, some arrayed on the side of the chef and some against him. Dishes, pans, etc., were thrown about in wild confusion and the fight progressed furiously until Proprietor Lawson, at risk of his life, separated the belligerents. A number were cut and injured, then man had the cut of a knife scored in his month and was badly cut, bleeding profusely. Although several of the men are painfully wounded it is not thought that any of them will die. The chef is still in possession and other cooks will immediately be engaged.

Dismissed From a Skiff.

ATLANTIC CITY, Aug. 20.—A high sea has been putting all day, and a skiff went out today containing two persons, and both were lost. Reports from all along the beach tell of considerable damage.

Ordered to the Front.

NEW YORK, Aug. 20.—The First regiment of New York, Colonel Mitchell has been ordered to the front. The men reported at the armory at 6 p. m. with one day's rations.

Wholesale Reg. at Home.

NEW YORK, Aug. 20.—Wholesale Reg. at Home, candidate for vice president, arrived here this morning. He is the son of the late John W. Reg. and was given a reception in the grounds of Andrew Jackson this afternoon when Mr. Reg. was enthusiastically greeted by a large number of old friends and acquaintances. He is probably to return to New York on Tuesday.

HONOR TO THE DEAD

The Citizens of Knoxville Suspend Business

TO PAY TRIBUTE TO THE FALLEN

Who Sacrificed Their Lives in an Effort to Suppress Outrage and Violence.

KNIGHTS OF PYTHIAS.

They Meet in Kansas City by the Thousands.

KANSAS CITY, Aug. 20.—In the big hall at the court house commencing at noon today and lasting two hours, a meeting of citizens was held which shows clearly the feeling of the people in this city and the surrounding country regarding the acts of lawlessness in the mining regions. Many business houses were closed promptly at twelve o'clock. In the window of each house that closed a placard was hung containing the following announcement: "Closed in respect to our brave dead soldiers." The mass meeting was called to order by Major D. A. Carpenter the hero of the Walden's Ridge fight. He moved that the Rev. D. D. Sutherland, pastor of the second Presbyterian church be called to the chair and also to open the meeting with prayer. It is announced that the meeting was to be held in respect to the memory of Bruce Givens and J. E. Walshaw, the victims of the fight on Walden's Ridge. Col. Ledger Wood suggested that on behalf of the people of Knoxville they appoint a committee of five on resolutions to draw up suitable memorials of the high appreciation in which the deceased were held. The committee was appointed. S. G. Heiskell said that he had a family in destitute circumstances. He thought Givens the most daring man on the ground of battle. He saw him ten feet off fighting uncovered. He thought the people owed a debt of gratitude and urged that Major Carpenter said that he was in the civil war three years and had seen some hard service, but he never saw harder service than was experienced by the Knoxville soldiers on Walden's Ridge. Some were mere boys, but they were brave in their behavior as veterans could be.

Tribute of Admiration.

Col. Ledger Wood said: "What greater love can a man show for his friends and country than to lay down his life in such a cause. One of these men was a native of Knox county, and he lived in places to which he came from Virginia to cast his fortunes with this state. When the sheriff summoned the people of this county to the aid of the law and order these two men, though knowing the danger, went. They lost their lives, and their spirits went to God who gave them. When the order came to take the top of the mountains these young men sprang forward with the courage of tigers, and these young men of Knox county were such as older men should rear their sons to be."

Col. W. A. Henderson, the next speaker, said: "It was well that they who went were both the blue and the gray. Bruce Givens was a brave union soldier, and the father of young Walshaw died covered with glory. High honor to those who went out to the battle, higher honor to those who came back wounded and the highest honors to those who sleep in death." While the meeting was in progress the bodies of the dead lay in state in the private parlors of the undertaking establishment two blocks below the court house. Walshaw's body was attired in the uniform of the K. of P. Both lay in magnificent caskets covered with flowers. At 2:30 the body of Walshaw was taken to the railway and taken to be shipped to his relatives in Virginia. The hearse was preceded by the local uniformed rank of K. of P. The fund started at noon for the benefit of Givens' family had reached \$600 by 7 p. m. Contributions are being sent from Nashville and Chattanooga by wire to swell the amount.

CAPTURED 140 MINERS.

Soldiers Break Up a Meeting of Discussion Men.

KNOXVILLE, Aug. 20.—Two companies of the First regiment marched from Coal Creek to Briceville, a distance of five miles and captured 140 miners who were holding a meeting to discuss the situation. The soldiers were under command of Captain Patterson, and the miners were taken by surprise. They were surrounded instantly and called upon to surrender. When the miners were under arrest the soldiers went through every house in the village and captured every gun and pistol that could be found. Among the arms taken were the United States rifles taken from the soldiers at Oliver Springs last Tuesday. Just before Briceville was reached Captain Patterson found a negro whom he identified as a spy breaking along with the brass band skirting the public road. He called on the negro to surrender, but he started on a run. The command was given to fire and 100 rifles were leveled at him. He was ridden with bullets and left by the roadside. Miners arrested were taken to coal creek without further difficulty.

Dock Wolf, an Employee of the Knoxville & Ohio Road, was Arrested Today by a detachment of General Carney's brigade, sent here from Coal Creek for the purpose of the arrest of the miners.

He was taken to the jail and held yesterday morning. He gave them instructions at Clinton, so it is charged, how to proceed from Clinton across the mountains to Coal Creek, then, hiring a horse, rode post haste to Coal Creek, informing the miners of the approach of the troops. Wolf denied the charge. He will be given a hearing tomorrow.

Miners Make an Attack.

NASHVILLE, Aug. 20.—A report reached this city tonight that a body of miners made an attack on the government on the command of Captain Rucker on the mountain near Coal Creek. Firing resulted and two miners, it is said, were killed. The report says none of the troops were injured.

Trail of the Bandits.

CHESTER, Wyo., Aug. 20.—Judge

Scott this evening informed the attorneys in the case of the cattle men and Texan's, who raided Johnson county in April, that the case would be called Monday and postponed till the November term.

NANCY FAILED THIS TIME.

Jay-Eye-See Paces a Fast Mile—Alvin Wins a Free-for-All.

CHICAGO, Aug. 20.—Nancy Hanks failed to lower her own world's record today of 2:07, but trotted a mile in 2:09, the last quarter being in 30 seconds. Jay-Eye-See paced to beat his trotting record of 2:10, and did it in 2:08, the fastest ever paced by a gelding. The feature of the day was the free-for-all trot, which was won by Bud Doble. Alvin won the last heat and the race easily, Jack not being keyed up to such a prolonged contest.

Free-for-all, special trot, for 2-year-olds.

Wiles Ward 1 1 1
Alvin 2 2 2

Wiles Ward 2 2 2
Time, 2:08, 2:09, 2:10.

Free-for-all, trot, for 5-year-olds.

IT MAY BE GENERAL

Engineers and Firemen May Go Out

TO HELP THE SWITCHMEN

A Feeling of Disquiet Said to Prevail in Railroad Circles—Latest From the Strike.

BUFFALO, Aug. 20.—There is a very evident air of disquiet in the railway yards tonight. Strikers are to be seen in groups in various places discussing in low tones, something apparently important. It is asserted on what appears to be good authority that a strike of firemen is to be added to the switchmen's strike before many hours. A fireman's authority for the statement that there would be a strike of firemen on the roads now in trouble with the switchmen, mainly it will be a strike of sympathy, but the firemen also have some grievances. They feel that they are the next weakest body to the switchmen, and if they let the switchmen fail when they ask for any concessions they will get the same answer the switchmen have received. The plan of Grand Master Sweeney's campaign is now believed to be to force the roads into compliance with his demands by successive strikes.

Sweeney is Not Sanguine.

Sweeney said to be not at all sanguine of the result of the present strike here, but he is not greatly disturbed at the probability of the failure. If the yards are cleared it is said there will be a stoppage of work at Rochester, then at Syracuse and then at West Albany. He is also building on the aid of the kindred organizations which he says cannot afford to let him lose this fight. "We are going to help these men out. If they lose it will be a death blow to organized labor."

The police are taking into custody all vagrants found about the yards.

A dispatch from suspension bridge this evening says the trouble is at an end and the switchmen who were forced out early this forenoon are back at work.

BLOCKADE ON THE LAKE SHORE.

The Yards Filled to Overflowing With Freight Cars.

BUFFALO, Aug. 20.—The Lake Shore is in bad shape. The Central is piling in west bound freight trains so thick and fast the Lake Shore officials are beginning to wonder where they will get cleared up before the end of September. The blockade is the greatest since 1877. The Central cannot deliver any more freight to the Lake Shore simply for the reason that the yards will not hold it. The Central is now holding 400 cars outside of Buffalo, and the Lake Shore is trying to get the freight trains today, but with little success. Three trains were moved today and here the work ended. The road does not seem to have any switchmen to do the work. There are several hundred troops in the yards with nothing to do. The Erie and Lehigh have sent out a few trains today, but no perceptible break has been made in the blockade. At 2 o'clock this afternoon, it is stated on the authority of a fireman that they will certainly go out tonight. The statement is given on good credence. A dispatch from Toronto says Chief Arthur left there last evening, and it was thought he was coming to Buffalo. He had not arrived here up to 3 o'clock so far as is known.

PROTECTION DEMANDED.

Manufacturing Firms Grow Alarmed and Ask for Troops.

BUFFALO, Aug. 20.—Notwithstanding all that has been said about there being too many soldiers here, it is evident their presence is felt to be a necessity by those whose property is at stake. Manufacturers and business men, whose establishments are near railways or in any way liable to be identified with them, have taken the alarm at the presence of apparent danger of disorder in this city and, following the example of the railways, have asked the sheriff to send out a detachment of Buffalo Rifles, who works are located at Black Rock and in close proximity to the freight yards of the New York Central and other railroads, have called on Sheriff Beck for additional protection. The sheriff instantly communicated with General Doyle at brigade headquarters, and within a short time a reply was received that three companies of men were sent to protect the property of these firms.

TRYING TO RUN TRAINS.

Difficulty Experienced by Reason of Inexperienced Men.

BUFFALO, Aug. 20.—The Lehigh has done better today than the Erie. The first freight train over the Lehigh at 11:20 a. m. It was a train of twenty-five cars. Dispatcher Van Allen reported the yards at Sayre and Waverly now open and ready for operation of freight. The first freight train on the Erie left at 12:30. The chief difficulty in the movement of trains by the Erie is the inefficiency of the green hands. It is now a mere matter of time when the new men will become familiar with their work and trains run as usual.

The strikers are experts at cutting trains, and in the morning the Lehigh and Erie are running under the guns of the soldiers, they will cut an ordinary train in a dozen places and scatter coupling-pins in all directions.

BUFFALO BICYCLE RACER.

Zimmerman and Others Enter the Speed Contests.

BUFFALO, Aug. 20.—About 5,000 people were in attendance this afternoon at the bicycle tournament on the Buffalo exposition grounds. Results:

One mile safety, handicap (open)—E. F. Weising, Buffalo, won; A. T. Crank, Buffalo, second; J. W. Lander, Can. Dist. time, 2:37.45.

Two mile tandem (open)—W. F. Bone and Crank, Buffalo, won; W. C. Goring and W. C. Goring, second; Zimmerman and Crank, Buffalo, third; time, 6:10.

One mile safety, handicap (A. A. Zimmerman, N. Y. A. C. won; L. D. Zimmerman, N. Y. A. C. second; time, 2:45.

More Switchmen to Strike.

SPRINGFIELD, Pa., Aug. 20.—It is reported and generally believed that the switchmen and firemen on the N. Y. L. & W. railway will go on a strike before tomorrow morning.

Captain Dobbin Dead.

BUFFALO, Aug. 20.—Captain David Porter Dobbin of the life saving station died today aged seventy-five years.

Thomas Daily Dead.

BUFFALO, Aug. 20.—Thomas Daily of the "Daily" died last evening, aged 57.

HE FELL IN BATTLE

Private Brewer Dies From the Effects of a

WOUND IN THE ABDOMEN

Received in the Sham Battle Yesterday. He Was Going Over a Fence.

CAMP WINANS, Aug. 20.—Private David Brewer of Company D, Third regiment, was shot in the sham battle this afternoon and died tonight in the hospital. While his company was on the retreat, about two miles west of camp, he and Sergeant Wirt of the same company were together. They both were on the run and went over a fence together. In some unknown manner Brewer was shot in the abdomen. He was brought to the hospital as soon as possible, and the regiment surgeons did all in their power for him, but their efforts were unavailing and he died shortly before 10 o'clock tonight. It is not known just how the accident happened, or whose gun was discharged. Both were empty, and the charge from one of them had torn a large hole in Brewer's abdomen. It is supposed that in the rush over the fence a trigger was accidentally pulled with the customary result.

Brewer lived at Saginaw, on the west side. He was 21 years old, and was the only support of a widowed mother. The accident has created much sorrow in camp, as it was hoped that there might be no serious accident this year to cast a gloom of sadness and regret over the encampment.

DAY AT THE CAMP.

A Sham Battle Between the Fourth and Fifth Regiments.

CAMP WINANS, Aug. 20.—Sheriff McCabe of Kingston county, a deputy sheriff, and Prosecuting Attorney Dennis Shields of the same county, are in camp today in consultation with Quartermaster General Woods and Colonel Suckert regarding the sale of liquor at the cantines.

Ever since camp opened there have been five saloons running, one in the quarters of each regiment. Last year was the first of the canteen system in the Michigan state troops, and on that occasion the state officers nearly fell in a trap which was set for them. Resolutions were adopted extending sympathy to them and endorsing the efforts of the switchmen and the Tennessee miners in behalf of organized labor.

REPORT OF A WRECK.

A Train Said to Have Been Decided on the Erie Railroad.

PITTSBURGH, Aug. 20.—A report has reached here that the day express of the Erie road from New York has been wrecked near a station called Linden, 8 miles east of Attica and 17 miles east of Buffalo. The train consisted of a United States mail car, four passenger coaches and a parlor car. The train was going at high speed. It passed Linden station at 12:10 less than a mile when the engine left the track and rushed forward down a 30 foot embankment. It was followed, according to the report, by the mail car, but that did not go down the bank. The breaking of a coupling pin saved the train. As far as is known no one was hurt.

RULES OF THE BROTHERHOOD.

Foremen Cannot Strike Until Certain Forms Are Observed.

TERRE HAUTE, Aug. 20.—Grand Master Sargent of the Brotherhood of Locomotive Firemen, is still here at his home and has not received a word officially from Buffalo. He says he does not expect to go to Buffalo, and explains that under the law of the organization the unjust committee of the firemen on a road must first have failed to settle a grievance before he is called upon. If he fails then the firemen on the road must cast a two-thirds vote for a strike. Even then it is discretionary with him whether the strike shall be called.

Wounded in a Fight.

BUFFALO, Aug. 20.—In a skirmish that took place in the yards this evening several persons were slightly wounded. The soldiers charged upon a crowd to disperse it, and in the course of the fight Corporal Baker was hurt by a blow from a coupling pin, and Private Gould was injured about the body and received several wounds. The two men who did the damage to the soldiers each received wounds from the bayonets of the attacking party. One was seriously hurt.

Wheat Famine at Reading.

PHILADELPHIA, Aug. 20.—Because of the railroad troubles a wheat famine prevails at Reading, Pottsville, Mahanoy City and generally throughout the Lehigh and Schuylkill valleys. If the backbone of the strike is not broken by day Philadelphia will feel the effects. The wholesale price of dressed beef has advanced from 1 to 2 cents a pound and Chicago dressed beef \$1.50 per hundred. On Monday, if the situation remains as it now is, the retail price will jump from 5 to 8 cents per 100 pounds.

Called for the Troops.

LEWIS ROCK, Ark., Aug. 20.—Capt. J. C. Blakely, commanding the Morrilton guards, who has his company in camp here, received a telegram last night from the mayor of Morrilton asking him to bring his company and every available man to Morrilton at once as they are needed. Captain Blakely left with his company at 6:30 this morning. The exact nature of the trouble is not learned, but trouble of a political nature is feared.

More Switchmen to Strike.

SPRINGFIELD, Pa., Aug. 20.—It is reported and generally believed that the switchmen and firemen on the N. Y. L. & W. railway will go on a strike before tomorrow morning.

Captain Dobbin Dead.

BUFFALO, Aug. 20.—Captain David Porter Dobbin of the life saving station died today aged seventy-five years.

Thomas Daily Dead.

BUFFALO, Aug. 20.—Thomas Daily of the "Daily" died last evening, aged 57.
